## **POSDATA Selects ExaDigm for Wireless Point-of-Sale Terminals**

*Leading POS Distributor Chooses the XD2000*

SANTA ANA, CA and GIG HARBOR, WA – June 8, 2006, ExaDigm, Inc., the leading innovator of wireless and wired point-of-sale (POS) terminal solutions, and POSDATA, the leading full service distributor of a wide range of payment terminal, bar code, data collection, and point of sale equipment, today announced the formation of a Strategic Partnership between the two companies. Through this new partnership POSDATA will offer the XD2000 Cellular Wireless Solution to their key channels.

In partnering with ExaDigm, POSDATA will now have the ability to offer customers the most comprehensive wireless POS solution available on the market today. The XD2000 Cellular Wireless Solution features a fully modular design and PC-based Linux operating system giving users the ability to change wireless connectivity between CDMA/1XRTT and GSM/GPRS with the simple swap of a modem. In addition, with full VISA CISP validation and 256-bit SSL encryption at the time of card swipe, the XD2000 Cellular Wireless Solution offers the highest level of security available with any POS terminal on the market today.

According to Bill McCubbins, President of POSDATA Inc., "Our new partnership will allow our dealer network and end users to take advantage of the unique solutions that ExaDigm products offer in the wireless space. Combined with our full service deployment, certified repair center and overnight replacement programs POSDATA will add significant value to ExaDigm customers."

"POSDATA's decision to distribute the XD2000 Cellular Wireless Solution further validates ExaDigm's commitment to being a true innovator in the wireless POS market," said Michael Mulcahy, President and COO of ExaDigm. "Our partnership with POSDATA makes it easier than ever for their dealer channels and merchants to purchase wireless POS terminals that work right out of the box, it becomes as simple as buying a cell phone."

POSDATA has made the XD2000 Cellular Wireless Solution available to its customers immediately and is able to ship and fully support units today.

### **About ExaDigm, Inc.**

ExaDigm is the leading innovator of IP wireless, wired and modular point-of-sale (POS) terminal solutions. Through a detailed understanding of the IP, wireless and point of sale industries, as well as through extensive relationships with financial institutions, ISOs, and transaction processors, ExaDigm provides innovative and technology based solutions that increase revenue, reduce cost, and boost productivity.

Founded in 2000, ExaDigm is headquartered in Santa Ana, California, with operations around the globe. For more information, visit [www.exadigm.com](http://www.exadigm.com).
